We hope you find this piece meaningful for yourself or your congregation. The lyrics are based in the Gospel of John.

You can freely vary the tempo in this piece as you sing it. Please note, however, that the melody changes, especially in m35-37, but also in m18 and m24.

For the guitar part, we've provided chord charts because there are different voicings of chords being used, including ones up the neck. Some chords could be barred, but the song can be played without that.
